### **Your Sponsorship Opportunities**

Support the students, parents, schools and community organizations that are joining together to do something about sexual harassment of girls. To make it possible for *all* to participate in this important community effort, there is no registration fee. We need your help to defray the expenses. There's a wide range of sponsorship levels, giving you flexibility to choose the option that is best-suited for your organization. Partial sponsorships are also available. For assistance, please contact Ana Lopez, 301-585-7155, or [alopez@communitybridges-md.org](mailto:alopez@communitybridges-md.org). *Thanks for your support!*
